Edge Information Successfully Completes SOC 2 Audit to further its commitment to Security.

Melbourne, Florida, February 2024— Edge Information, an international provider of employment screening services, today announced its successful completion of its Type 2 SOC 2 Audit as of Dec 15, 2022 to Dec 14, 2023. Edge has been SOC 2 certified since 2018.

The SOC 2 audit was conducted by leading compliance assessor A-LIGN, a technology-enabled security and compliance partner trusted by more than 2,500 global organizations to help mitigate cybersecurity risks.

"SOC 2 compliance is incredibly important to our business. We believe it has become a foundational need in our industry to continuously evaluate, strengthen and improve everything from data security which is becoming ever more regulated to internal systems, policies and processes. This gives our clients an Edge as well as additional confidence in our focus on data security, compliance and privacy." says Chad Stair, President of Edge Information Management.

Established by the American Institute of Certified Public Accountants (AICPA), the SOC 2 examination is designed for organizations of any size, regardless of industry and scope, to ensure the personal assets of their potential and existing customers are protected. SOC 2 reports are recognized globally and affirm that a company's infrastructure, software, people, data, policies, procedures, and operations have been formally reviewed.

"Congratulations to Edge Information for completing their SOC 2 audit, a widely recognized signal of trust and security," said Steve Simmons, COO of A-LIGN. "It's great to work with organizations like Edge Information, who understand the value of expertise in driving an efficient audit and the importance of a high-quality final report."

Edge Information will perform a SOC 2 assessment on an annual basis and can make the report available to current or potential customers upon execution of a non-disclosure agreement. If you are interested in viewing Edge's SOC 2 report, please contact Norm Gagnon at info@edgeinformation.com. For more information, visit https://edgeinformation.com/.
