## LEADERS IN EMPLOYMENT SCREENING

*Edge Information Management, Inc., was established in 1991, and we are a privately held national provider of employment and drug screening services. We are dedicated to furnishing employers with accurate background screening at cost-effective rates. If you are facing any challenges or areas that can be improved in your hiring and onboarding process, we would love to have a conversation about how Edge might be able to help. It is very likely that Edge will be able to save you both time and money!*

"The entire Edge team was professional, goal-oriented, diligent in hearing our needs and exceptionally responsive. I truly can't think of another organization with whom I've worked recently with such excellent customer service."

**Stephanie Rohlf-Young, Alzheimer's Association, Inc. - Volunteer Program**

"...I love, love, love Edge! I cannot say enough good things! I have been in HR for a long time, and I have used countless background check vendors and hands down Edge is the absolute best partner/vendor I have ever worked with. I truly do view Edge as a partner and not a vendor... I would recommend Edge in a hot minute to anyone in my professional sphere."

**HR Coordinator, Large Staffing Firm**

"Edge's team provided excellent support for our team on a day to day basis, answering questions, conducting special training, and helping our end users feel comfortable in the system. This support has not been limited to the Client Services team. Edge's IT team assisted with a project to integrate Edge's webscreen system with our applicant tracking system. It was completely successful and launched without a hitch – hard to say with most technical projects!"
